INFORMATION ABOUT YOUR NEXT APPOINTMENT DAY 2 WITH DR. L ANTHONY SEARS

How long will the appointment take? This visit will last approximately 1 hour. It will begin promptly at the time it is scheduled, so please arrive 15 minutes prior to your appointment to fill out paperwork. If you are going to be late, please call and reschedule.

Who should be here for the visit? Spine, nervous system, and chronic health problems can be complex by nature and require a firm understanding by the patient and those closest to the patient at home. **If you are married, please bring your spouse, it is office policy your spouse must attend.** Your spouse needs to see and understand exactly what it takes to maximize your results. This report will require your full attention, so please leave small children or infants with a baby-sitter.

What will occur? Dr. Sears will begin by letting you know if he can help you and if he has accepted your case. If he has accepted your case, he will go over your findings with you and make recommendations for care. **Please Note: Dr. Sears may decide to order further testing based on initial exam findings.**

What about finances? After Dr. Sears has outlined your treatment plan for you, we will explain your insurance coverage, discuss any out of pocket expenses you might have and go over what payment options are available to you. Each step of the way, you will always be advised of charges that you will incur.

Will I begin treatment? If you are accepted as a patient and you make the decision to undergo care with us, Dr. Sears will give your first treatment after going over your **Report of Findings** with you.

What to Bring? Please bring all necessary paperwork to your next appointment. This includes any medical records, such as Blood Test results and/or MRI results. **Please have your packet completed.** Please bring your spouse or support companions.

Before Next Visit if you are pre-diabetic or diabetic please view the diabetes video at www.dranthonysears.com. If you do not have internet access please make the staff aware of this and we will make arrangements for you to watch the video in our office prior to your appointment.
